

Library VMware Icons and Diagrams

Introduction

The official, high quality icons and diagrams from VMware. Make your VMware diagrams and presentation the best with these graphics. From the official branding team!

You can freely use these in your work as long as you do the usual Good Citizen things of acknowledging our copyright over the icons and follow the guidance in "How to use these graphics" below, and do not abuse them in anyway. More details in Legal Notice at the foot of this doc.

Please read the attached Guideline document because it has goodness on how to sync your RGB colors to match the downloaded icons.

28/May/2009 - Added vSphere diagrams

Intended Audience

VMware Certified Professionals (VCP) and VMware Architects (VCDX) to develop high quality diagrams using branded collateral.

How to use these graphics

If you use these graphics in derivative works, please include the following:

This document was created using the official VMware icon and diagram library.

Copyright 2009 VMware, Inc. All rights reserved. This product is protected by U.S. and international copyright and intellectual property laws. VMware products are covered by one or more patents listed at <http://www.vmware.com/go/patents> .

VMware does not endorse or make any representations about third party information included in this document, nor does the inclusion of any VMware icon or diagram in this document imply such an endorsement.

Outline

Please download and read the attached Guideline PDF first which explains some great ways to use the graphics, including RGB values so you can sync your other components' colours to these.

The attached Powerpoint has the following graphics included

1. 3D icons
2. Flat icons
3. Virtualized Server
4. Build your own
5. Traditional vs Virtual Architecture

Author

VMware Corporate Branding

VMware (NYSE: VMW) is the global leader in virtualization solutions from the desktop to the datacenter. Customers of all sizes rely on VMware to reduce capital and operating expenses, ensure business continuity, strengthen security and go green. With 2008 revenues of \$1.9 billion, more than 130,000 customers and more than 22,000 partners, VMware is one of the fastest-growing public software companies. Headquartered in Palo Alto, California, VMware is majority-owned by EMC Corporation (NYSE: EMC). For more information, visit www.vmware.com.
